

# NÉLIO LACERDA

SOFTWARE ENGINEER

## EDUCATION

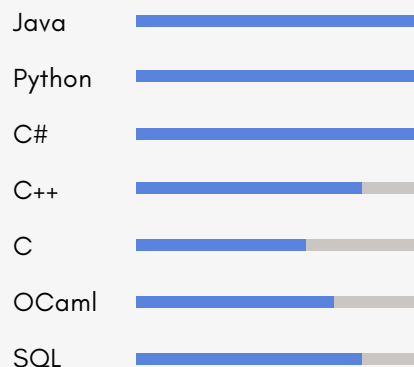

Nova School of Science and Technology 2022-2025

BSc in Computer Engineering

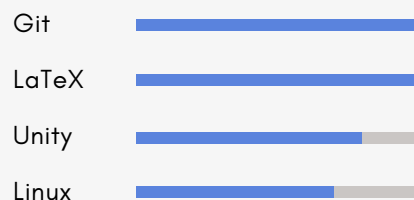

GPA: 15.40/20.00

## PROGRAMMING LANGUAGES

## TOOLS

## ABOUT ME

I am a **Computer Engineering student** at NOVA School of Science and Technology, with a strong passion for logic and mathematics, which naturally led me to science and technology. I thrive in challenging environments where I can apply and expand my skills, often through creative, out-of-the-box problem-solving. In my spare time, I enjoy learning new technologies through hands-on projects and technical books.

## PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPMENT INTERN 2023

PROCESSWARE

PROCESSWARE

Worked on both **backend and frontend development** using **C#** for the company's **O2P** product. This internship provided hands-on experience with the **.NET framework**, and enhanced my ability to work in a collaborative development environment.

## PROJECTS

TEAM LEADER

APPS FOR GOOD PORTUGAL

Led a team in the national **Apps for Good Portugal** competition. My role involved managing the team, developing a mobile application, and delivering a final pitch at NOVA SBE. This project enhanced my leadership, communication, and public speaking skills.

## LANGUAGE

Portuguese - Native

English - Advanced
